HealthScape Advisors has been honored to join forces through a multi-year relationship with the Cura Foundation and the bi-annual International Vatican Conference. This year's event and unique program focused on "Exploring the Mind, Body & Soul – How Innovation and Novel Delivery Systems Improve Human Health" as part of a Global Health Care Initiative that will #UniteToPrevent and #UniteToCure.

In support of this year's theme, HealthScape Advisors was published in the Culture e Fede, Cultures et Foi, Cultures and Faith, Culturas y Fe, VOL. XXIX 2021 N. 3 (supplement). This piece features an incredible amount of impressive leaders within the healthcare space, and we were fortunate to share our perspective on how we can create a more equitable health system for all.
