HealthScape Advisors, a leading provider of healthcare consulting and analytics, today announced that the systems* of HealthScape Advisors and its affiliate Pareto Intelligence have earned Certified status for information security by HITRUST.

HITRUST CSF Certified status demonstrates that the organization's systems have met key regulations and industry-defined requirements, and are appropriately managing risk. This achievement places HealthScape and Pareto in an elite group of organizations worldwide that have earned this certification. By including federal and state regulations, meeting standards and frameworks, and incorporating a risk-based approach, the HITRUST CSF helps organizations address these challenges through a comprehensive and flexible framework of prescriptive and scalable security controls.

"Protecting our clients' data has always been a top priority for both HealthScape Advisors and its technology and analytics affiliate, Pareto Intelligence," said Steve Young, Managing Partner at HealthScape. "Achieving HITRUST CSF Certified status is proof of that commitment, and our dedication to providing the highest level of service and compliance for our client partners."

“Organizations that have earned HITRUST CSF Certification represent the highest caliber of sensitive information safeguarding and information risk management,” said Ken Vander Wal, Chief Compliance Officer, HITRUST. “We commend HealthScape Advisors and Pareto Intelligence for implementing the necessary controls to achieve HITRUST CSF Certified status. Clients of these organizations can be confident in their compliance standards.”

*Systems that are HITRUST CSF Certified include fileshare system, databases, web applications, and supporting infrastructure.
